

## *VACA Endorsement of Carol Pefley for California State Assembly District 28*

Dear Friends, Supporters, and Members of the Community,

The Vietnamese American Conservative Alliance (VACA) is proud to formally endorse Carol Pefley for California State Assembly District 28.

After meeting Carol Pefley during our first “Mầm Bệnh Tư Tưởng Thức Tỉnh” book event on May 3rd, we were deeply impressed by her dedication to conservative grassroots activism and her commitment to restoring the foundational values that made California and America strong. While actively running her own campaign, Carol also worked tirelessly to unite conservative voters behind broader efforts such as Steve Hilton’s campaign for Governor of California, demonstrating true leadership beyond personal political ambition.

Carol Pefley is not merely a candidate — she is a principled fighter for the values that many Vietnamese American families sacrificed everything to preserve when they came to the United States in search of freedom and opportunity.

As a mother, business owner, and grassroots conservative leader, Carol has consistently stood for:

- Smaller and accountable government
- Individual liberty and freedom of speech
- Strong family values and parental rights
- Free-market economic principles

- Lower taxes and lower cost of living
- School choice and educational excellence
- Protection of girls' sports and fairness in competition
- Public safety and the rule of law

We especially appreciate Carol's willingness to support grassroots volunteer efforts across California, including initiatives such as Voter ID and Save Proposition 13. Her ability to unite volunteers, mobilize communities, and build coalitions for the greater good reflects the kind of servant leadership California desperately needs.

VACA believes that California stands at a critical crossroads. The policies imposed by the current supermajority have harmed working families, weakened small businesses, undermined parental authority, and divided communities. We need courageous leaders who will stand firmly for freedom, common sense, and constitutional principles.

Carol Pefley has demonstrated both the courage and integrity necessary to represent the people of Assembly District 28 with honor.

We therefore wholeheartedly endorse Carol Pefley for California State Assembly District 28 and encourage all voters who believe in freedom, family, opportunity, and the American Dream to support her campaign in the upcoming California Primary Election on June 2nd.
